Dear colleagues,

I am cordially contacting you to announce the upcoming 'International Conference on Structural Analysis of Advanced Materials' (**ICSAAM 2024**), that will take place **between the 6th and the 10th of October 2024 at Protaras**, a gorgeous resort on the southeastern coast of Cyprus.

ICSAAM has been initiated more than a decade ago and is an International Conference, co-organized by six different European Universities where friends and colleagues working in scientific fields mainly related to engineering and biomechanics of polymers and polymeric composites, metals and ceramics, biomaterials and nanomaterials, applied to modern industrial applications, are gathered to exchange new ideas on subjects related to mechanical and structural analysis of advanced materials.

ICSAAM 2024 Conference is organized by: **Greece** (University of Patras), **Romania** (University Politehnica of Bucharest), **France** (University of Technology Tarbes Occitanie Pyrenees - UTTOP), **Portugal** (University of Porto), **Italy** (University of Campania "Luigi Vanvitelli") and **Cyprus** (University of Nicosia). More information at: <https://icsaam2024.eu/>.

We are kindly inviting you to save the dates of the conference and plan your participation at **ICSAAM 2024**. We do believe that your participation would greatly enhance the conference. We will be more than happy to provide any additional information or assistance you may require for your visit.

Looking forward to your participation at **ICSAAM 2024** and to welcoming you at Cyprus.

With best regards,

Vassilis Drakonakis,
ICSAAM 2024 Chairman
Managing Director & Co-founder, AmaDema
Adjunct Lecturer, Engineering Dept, University of Nicosia, Cyprus
