

ICSAAM 2024

Summer School Thermal Analysis of Polymer and Composites

OCT 9TH
14:00-18:00

OCT 10TH
08:30-12:30

Prof. George Papanicolaou (UP)
Speaker

Subject sections:

1. DSC, Differential Scanning Calorimetry
2. TMA, Thermal Mechanical Analysis
3. DMA, Dynamic Mechanical Analysis

(Practical approach, theory support and explanations industrial applications, material characterization, properties inspection)
